Mannheim Business Angels network in cooperation and with the kind support of

Foreword

Business Angels Conference on Saturday, the 6th of July, 13.00h, in Mannheim

The Mannheim Business Angels network will hold its constituting conference on the 6th of July 2013.

As a newly founded Business Angels network, we invest seed-capital into young startup companies, provide contacts to potential lead customers/cooperation partners/employees and further market entries in international markets. We are an Alumni-based Business Angels network, location independent and globally distributed.

Our constituting conference follows a day after the MBS-Business Forum and the MBS-Summerparty at the University of Mannheim on Friday, the 5th of July. As part of our conference, several startup companies will present their innovative ideas, followed by in-depth question&answers-sessions and discussions. The event is organized partially in a flexible "BarCamp"-style, therefore also called "AngelsCamp".

After an afternoon with inspiring presentations, we would like to invite you to an evening reception with delicious food and drinks.

Be our guest in our Business Angels Conference, meet inspiring entrepreneurs and business angels, share innovative ideas and widen your network!

Event - Location

Mannheim Palace is a large Baroque palace in Mannheim, Baden-Württemberg, Germany. It was originally the main residence of the Prince-electors of the Electorate of the Palatinate.

It is now primarily used by the University of Mannheim.

We are very grateful that the University of Mannheim gives us the opportunity to use rooms at the Mannheim Palace for this event

Directions

Getting to the event location at the University of Mannheim / Mannheim Palace

By car

By car the university can be reached via the A6, leaving the motorway at the exit "Mannheim Mitte". After the "planetarium" follow the signs to the left indicating "Universität". After passing the main train station this will lead you to the baroque palace which accommodates large parts of the university. The main entrance of the university lies in the east wing, the first wing coming into sight driving along the Bismarckstraße. Unfortunately the university does not have a car park for visitors. You can park your car in the multi-storey car park directly at the Bismarckstraße next to the west wing of the baroque palace or in the car park in N2. Further car parks can be located on the map on the previous page.

By plane

There is an ICE-train connection from Frankfurt International Airport to Mannheim (takes about 40min). In addition, Mannheim has got a "city airport" with direct connections to/from Berlin and Hamburg.

By bus or train

Mannheim's main station is in close reach of the University of Mannheim and enables access to ICE trains. Taxis or the trams number 1, 3, 4 and 5 take you to the university where you can either get out at the stop "Schloss" or "University".

By foot

The university is a 10 minute walk from the main train station: Leave the main station in direction of the town centre. Cross the tram lines and turn left. Follow the road straight on for about 300m passing a car park on the way, continue to the end of the road. Here you will come across a creme-coloured house with blue window-frames. Turn right in front of this house and go straight on until you get to a multi-lane road, the Bismarckstraße. Taking a left turn and walking past two blocks of houses at the Bismarckstraße you will reach the university directly. The main entrance is situated in the east wing in front of you.
